HOLE 13 - PAR 5

Marbella Golf & Country Club

Designed by the legendary Robert Trent Jones Senior, and located just a short 5-minute drive from the cosmopolitan town of Marbella, the course at Marbella Golf & Country Club provides one of the best and most challenging golfing experiences in the whole of Europe. Opened in 1994 and occupying one of the largest remaining green areas on the Costa del Sol, the 6,000 metre long 18-hole course with a par of 72, has been imaginatively designed to respect the natural terrain. The facilities the club house offers are the magnificent El Olivo Restaurant, conference rooms, a Pro-shop, a driving range and putting green, tennis courts and a Wellness Centre offering yoga and pilates classes and a variety of massages and treatments.
